November 2021

Dear Friend,

At the Kirkland Town Library, we relish our role as the community family room and are happy to offer a variety of in-person services and programming. If you have not been by the library to experience what we offer, I hope you will visit us soon.

- Thanks in part to state grants, ***we installed a new lift last fall and completed construction on a new deck this August.***
- ***We hosted a tent*** on the front lawn of the library this summer and fall ***that allowed us to conduct programming for all ages outside.*** In addition, local community organizations used the tent for meetings and gatherings.
- ***We expanded our offerings*** with the addition of puzzles by local artists, equipment for toddler play time, teen lit bags, and passes for the Clinton Pool, the Wild Center, Fort Rickey, and New York State Parks.
- ***We continue to take patron health and safety seriously*** and follow all New York State guidelines for COVID, including a mask requirement for visitors, extra cleaning, and 24/7 use of three specialized air purifiers. Curbside pickup is available for those who prefer it.

None of this would be possible without the dedication of people who value our community library. ***Please consider making a gift to the library this year.*** Your support will allow us to continue offering innovative programming and resources that help develop all types of literacy — reading, writing, digital, cultural, health, emotional, etc. Next year, we hope to create a state-of-the-art virtual meeting space for groups, add deck furnishings, create more spaces for small groups to gather, renovate the teen area, and purchase snowshoes and kicksleds for patrons to check out.

If you have questions about any of our library's initiatives or ideas for new programs, please contact library director Anne Debraggio at adebraggio@midYork.org.

Sincerely,

Barbara B. Grimes
President, Board of Trustees
